

Advicenne announces its participation in several scientific conferences and the presentation of updated clinical results about ADV7103

Paris (France), September 25, 2023 – 6.00 pm CET – Advicenne (Euronext Growth Paris ALDVI - FR0013296746), a specialty pharmaceutical company dedicated to the development and commercialization of innovative treatments for those suffering from rare renal diseases, announces the presentation of the latest results from the ARENA-1 clinical development program at scientific conferences.

Didier Laurens, Chief Executive Officer of Advicenne, comments: *"We are delighted to present updated results of the ARENA-1 study to the European nephrology community. This 72-month follow-up study enables doctors and caregivers to better understand challenges of long-term treatment of distal renal tubular acidosis (dRTA), as well as benefits of ADV7103. These results are major and are thus strengthening our ongoing discussions with the FDA in view of optimizing its clinical and commercial development across the USA".*

Following an initial presentation of the results of ADV7103 treatment of patients with distal Renal Tubular Acidosis (dRTA) in June 2023 at the annual congress of the European Renal Association (ERA), the updated results will be presented both in oral and poster sessions during the following conferences:

- **European Society of Pediatric Nephrology (ESPN), September 28 to October 1, 2023 - Vilnius (Lithuania)**

Title: *Long-term clinical outcomes in patients with distal renal tubular acidosis after 6 years treatment with Sibnaya[®] (ADV7103)*

Authors: *Dr. Aurélie Bertholet et al.*

Session: *Symposium 5 – Diagnostics (Oral presentation, September 30)*

Title: *Sibnaya[®] (ADV7103), an innovative product with sustained release, effective in the treatment of dRTA patients*

Authors: *Dr. Aurélie Bertholet et al.*

Session: *Innovation & Industry Best Pitches (September 30)*

- **Société Francophone de Néphrologie, Dialyse et Transplantation (SFNDT), October 3-6, 2023 – Liège (Belgium)**

Title: *Long-term clinical outcomes in patients with distal renal tubular acidosis receiving prolonged release potassium citrate and potassium carbonate: data at 6 years*

Authors: *Dr. Aurélie Bertholet et al.*

Session: *Poster PO-NO4 (October 3 & 4)*

About Advicenne

Advicenne (Euronext: ALDVI) is a specialty pharmaceutical company founded in 2007, specializing in the development of innovative treatments in Nephrology. Its lead product Sibnaya[®] (ADV7103) has received its Marketing Approval for distal renal tubular acidosis in EU and GB. ADV7103 is currently in late-stage development in cystinuria in Europe and in dRTA and cystinuria in the US and in Canada. Headquartered in Paris, Advicenne, listed on the Euronext Paris stock exchange since 2017, has now been listed on Euronext Growth Paris since its transfer on March 30, 2022. **For additional information, see: <https://advicenne.com/>.**
